

## ***Carrymate Panel and Door Lifters***

Ideal for lifting and moving a variety of materials:

- Steel
- Glass
- Plywood
- Stone
- Plasterboard
- PVC
- Doors

The Carrymate is a manually operated self-adjusting clamp system designed to be used in pairs to lift a variety of panels. They are fitted with replaceable non-slip grips that also prevent damage to the carried load.

Each clamp can lift up to 100 kg
