OVER BRACED JIB CRANES

Post Mounted

Column Mounted

The most common jib crane design offering a very cost effective lifting solution and available with 2 mounting options:

1. Post Mounted 300° Slew – supplied with its own post and base plate
2. Column Mounted 270° Slew – fixed to a suitable building column

The jib arm can be made from a track section with an integral hand pushed trolley or from a universal beam offering the option of a hand geared or powered trolley.
