Manhole Lifting Pins

Manhole pipe lifting pins have been designed and made specifically to lift and safely position concrete manhole chambers. The unique quick-release feature enables the ground workers to complete the installation without additional tools.

Used in pairs for smaller manholes or in threes and fours for larger chambers. They must not be used singularly. Tested and certified for sling angles between 0° and 60°.

Rotate pin 180° for quick release

Standard Sizes:

Capacity / Pin	Diameter	Wall Thickness (Min.)
750 kg	25 mm	120 mm
1000 kg	32 mm	150 mm
1500 kg	35 mm	175 mm
2000 kg	38 mm	215 mm

Supplied with a Certificate of Thorough Examination.
