

Hand Chain Hoists – Spark Resistant also available

Standard Hand Chain Hoist (larger capacities available)

	Capacity (kgs)	Closed Headroom (hook to hook)	Falls Of Chain	Mass (3 metre lift) (kg)
	250	230 mm	1	4.0
	500	280 mm	1	7.8
	1000	306 mm	1	11.1
	1600	368 mm	1	15.8
	2000	445 mm	1	16.8
	3200	520 mm	2	24.2
	5000	600 mm	2	39.8
	10000	760 mm	4	89.7

New Hand Chain Hoist (hand chain wheel rotates 360°)

	Capacity (kgs)	Closed Headroom (hook to hook)	Falls Of Chain	Mass (kgs) (3 metre lift)
	500	300 mm	1	9
	1000	335 mm	1	13
	2000	395 mm	1	20
	3000	520 mm	1	29
	5000	654 mm	2	38
	10000	825 mm	3	71
	20000	1300 mm	6	196

A new innovative design with a 360 degree rotating hand chain guide that allows operation of the hoist from any position allowing greater options of working positions for the operator with the hoist operated from the side or even above the load. The hoist can also be used for horizontal pulling.
